**Chief Project Director
Uttarakhand Forest Resource Management Project, 24, IT Park, Sahasradhara Road, Dehradun – 248001**

SUB.: Shortlisting of firms for the reconstruction of landslided hill slopes under UFRMP in the state of Uttarakhand.

Ref: EoI Document no. 6 / 18-19 dated 29.09.2018

The queries raised by some Firms regarding the EoI mentioned above and the response of PMU, UFRMP is presented below for the information of all the prospective Firms who may be interested in submitting their proposal in this regard:

| S.No. | EoI Clause No. | Query | UFRMP's Response to the query |
|-------|---|---|--|
| 1 | C: Eligibility Criteria for Empanelment | <ol style="list-style-type: none"> 1. In case the bidder is only interested in slope stabilization work and slope protection works and not in control of surface water and erosion control will it be ok , if the bidder presents separate works which covers the items under slope stabilization and slope protection only. 2. Whether the bidder is required to show all the items listed under a particular category . e.g. if the bidder has experience in only shotcreting and rock bolting but not one of the components like benching works , will this be permitted. 3. Slope stabilization and slope protection are sometimes components of larger of projects which may not be completed even though the activities are completed. Request you to please consider such project completed value for evaluation on producing progress completion certificates, pl. clarify | <ol style="list-style-type: none"> 1. Control of surface water and erosion control is basically channel works which is an integrated part of slope stabilization and slope protection work. Firm will have to carry out works related to surface water management. 2. The Firm has to give details of their field of experience on the basis of which the evaluation will be done. 3. Such projects may be considered for assessing the Firm's capabilities and experience. |
| 2 | FORM VI- Summery of Key Staff | At the EoI stage it is difficult to propose list of key technical staff without understanding the exact scope of work , kindly clarify the details to be input in these forms which are required to be certified by company secretary. | It may be noted that the details are not to be given for personnel required for our project . The Firm is required to give details of the existing relevant technical and other personnel employed by the Firm on regular basis. |

| | | | |
|---|---|---|--|
| | | | Please refer Section D : Submission Of Expression of Interest , Part IV , Clause 4(a) and Clause 4(b) |
| 3 | FORM VIII- Proof of Plant and machinery | At the EoI stage it is unclear regarding what would be the quantities of equipment required for executing the project of slope stabilization. Kindly confirm what equipment we propose in the concerned form. | The machinery required for the our project is not to be mentioned here. The Firm is required to give details of the existing relevant Plant and Machinery owned and leased / hired by the Firm. Please refer Section D : Submission Of Expression of Interest , Part IV , Clause 4(c) |
| 4 | Point no. 1 of Technical Eligibility Criteria | Minimum 10 years of work experience | <i>Amended Technical Eligibility Criteria:</i> Firm must have minimum 05 years of work experience in reconstruction of the damaged hill slopes , construction of roads in hill areas, which encompasses works , as described in scope of work. |
